

Dear Patients,

It's been a difficult year with the passing of the two owners of Sandia Hearing Aids, David and Jessica Saxon, and they will be dearly missed. Thank you for your patience, support and understanding during this difficult year for us at Sandia Hearing Aids. David and Jessica purchased Sandia Hearing Aids in 2007 with the commitment to provide exceptional hearing healthcare care to our patients, friends, family and the whole community. We at Sandia Hearing Aids will honor David's and Jessica's mission, and our company will continue to provide this kind of care to our patients. We appreciate you, our valued patients, and want you to know we are here for you.

We are here to serve you!

- If you need your hearing aid(s) cleaned, adjusted, reprogrammed, or inspected
- If you need a new or updated hearing test
- If you would like your ears checked for wax
- If you simply need hearing aid batteries or would like to come in for a cup of coffee
- Or if you are not a current patient but would like to have your hearing checked

Please call our office today and request an appointment at 505-326-2791.

The Saxon's shared with me their optimistic vision for the future of Sandia Hearing Aids. I want to insure that David and Jessica's vision is fulfilled. Your complete satisfaction was their ultimate goal and will be mine as well. The Sandia Hearing Aids staff and I promise to deliver the same quality of care that they would be proud of!

I, Kristy Tucker, personally want you to know I am NOT going anywhere! I plan to operate Sandia Hearing Aids without any changes to your care and provided exceptional hearing service to our patients. I have been with the Saxon's for over 10 years and have probably met you at least once when you've come in to the office. Even if you haven't been in to the office in a while, I want to welcome you with open arms to come and see me!

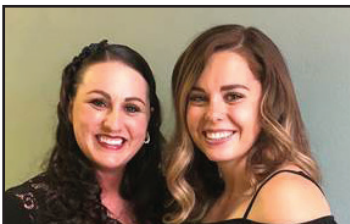

We are also excited to announce Alexandria Moreno now has her apprentice license! You may recognize her face as the smile who has greeted you at the door over the past few years. Alex was born in Arizona and moved to Farmington when she was 5 years old. She graduated from Piedra Vista where she played competitive softball. She enjoys coaching softball and spending time with her fiancé, Casey, and their fur babies.

You may also remember hearing the voice of Miriam Cowman, who has been with Sandia Hearing Aids for over 20 years. She knows the names of almost every patient in our practice and is committed to helping give our patients the best care possible.

We look forward to seeing you, and continuing to serve you in the spirit that the Saxon's set out for us.

Yours for better hearing,
Kristy Tucker

In Memory Of

Kristy Tucker &
Alexandria Moreno
